

Rules for Scoring: Competition Rules and Instructions*

Rules:

All climbers are considered solo with individual points. This means that you can climb with anyone, of any skill level, provide how to spot you as you boulder. Once you send a route, you will get points for that route when you mark a tick in the "Climb Routes may not be re climbed for additional points.

Bouldering Competition: A classic climbing competition to determine the toughest schist boulderer in the state. To receive points you must cleanly lead the route and mark an "X" in the "Climbed" column for that route. Reminders: Always climb within your capability, descend by down climbing, or at the very least a controlled fall. Avoid jumping from the top. Never climb directly above or below another climber.

Details for the Bouldering Competition:

Tick Marks – Each climb will be given a baseline score. The tick marks will add additional points to the route score.

For climbs you send cleanly, mark an X the "Climbed" box for a successful send. Add another X the "Flashed" box next to it if you flashed the climb.

Flashing a problem means that you climb it cleanly on your first try. It does not count as a flash if you have ever climbed on it before. An extra point will be awarded if you flash the problem.

Redpoint = +0 Flash/Onsight = +1

GunksApps:

Thanks to our generous sponsor GunksApps, every participant in the bouldering competition will be able to get a free temporary app which lays out bouldering areas of Vermont. Details will be sent to you via email (check your junk folder and/or print out the app).

Divisions:

Divisions for the Bouldering Competition are based on your best **outdoor** send for a project. Please read below for guidance on determining your division. Example: if you have ever smoothly sent a V7 outside, then you are an Advanced Division climber and do not qualify for the Intermediate. Please note you are allowed to climb routes rated both above and below your division category.

Recreational have successfully sent nothing harder than V3 (have you sent V4? You're Intermediate or higher... Keep reading)

Intermediate have successfully sent up to V5 but not harder (have you sent V6? You're Advanced... Keep reading)

Advanced have successfully sent equal to and/or harder than V6

Submit Scorecard:

After you have filled in tick marks for the boulder problems you sent and/or flashed, save this file and send it via email to competition@vermontclimbingfestival.com on September 20th. Your score will be completed by the CRAG-VT Subcommittee.

be notified by email.

Questions?

For questions about the competition, these rules, or the Festival, email VermontClimbingFestival@gmail.com .

Thanks for participating in the Bouldering Competition for the 2020 Vermont Climbing Festival. Our generous donor Mammul for winners. We hope this competition and the whole Festival inspires you to learn more about the various cliffs in Vermont works so hard to preserve. Learn more at cragvt.org .

Disclaimer: Climbing is a dangerous sport. Participation in this competition is voluntary and CRAG-VT is not responsible for your safety, cl verification of any fixed protection.

2020 Vermont Climbing Festival: Bouldering Competition

Instructions: This first tab, "Climbers Sheet," needs to be completed and emailed for scoring. **Fill in your name, email address, division, and age.** (This first tab is printable in portrait format.) Use this sheet to mark off the climbs you completed between September 12th and September 20th. Put an **X** under "**Climbed**" for the route that you sent. If flashed, also add an **X** in the "**Flashed**" column. Your 10 highest scores will be used to calculate your total score. For complete rules, read the "Rules for Scoring" tab.

On September 20th, email this sheet to competition@vermontclimbingfestival.com. Your score will be completed by the CRAG-VT Subcommittee and winners will be notified by email.

Disclaimer: Climbing is a dangerous sport. Participation in this competition is voluntary and CRAG-VT is not responsible for your safety, climbing gear, or the verification of any fixed protection.
